

Gresham Marketing Program for Bring Me A Pro Venders

(Per neighborhood)

- 1** **12,000 total doors each year!** This is a 4000 home neighborhood visited 3 times per year. Our goal is to repeatedly meet each Gresham homeowner face-to-face in order to build massive numbers of trusting relationships for the purpose of gaining leads for our pros. This is powerful, active, local, focused and high-touch marketing. It works! FYI, we hire/pay our door reps, provide each door a marketing piece, thank yous, maps, postage, etc. All for less than 5 cents per door! We know it is impossible to duplicate this service for that price.
- 2** **Local Realtor marketing program.** We make it irresistible for realtors not to use us. We offer safe, speedy, local service to their clients and a small kickback for the lead. They usually do all the work to call/manage contractors and don't get paid a penny! (Included free with membership.)
- 3** **Powerful optimized website** that is growing in usage each day. You will get leads not only from within our neighborhoods but also the surrounding areas. We maintain and optimize the website plus track and process leads that come through to us via the web. (No extra cost to you)
- 4** **Marketing to our own personal and professional sphere of influence.** We market to over 300 personal and business contacts within the East county area. (Included free with membership!)
